WHAT DOES AN ENERGY ALERT MEAN?

While we have excellent electricity reliability, we want to prepare you for the possibility of emergency situations such as extreme weather when demand on the regional power grid could exceed the amount of electricity available.

Energy Alerts are declared when demand

is close to exceeding the available power.

In an Energy Alert, we may call on you to conserve energy to help prevent regional grid blackouts.

DO YOU NEED A PERMIT?

Planning a project this spring? Remember that building permits are needed for lawn sheds, fences, basement remodels, basement finishes, kitchen remodels, and more. To learn more, call Kris at (712) 722-0761 or visit www.siouxcenter.org/permit.
