TENTATIVE proposed timeline:

An aerial photograph of a city street, likely 13th St. SE, showing a mix of residential and commercial buildings, trees, and parking lots. Two large orange arrows point north along the road, indicating the direction of construction. The text is overlaid on a dark horizontal band across the middle of the image.

**2024 Construction will continue north from 13th St. SE
(near Sioux Center Dental) to near 2nd St. SE**

The section being worked on in 2024 will have a similar design to the section worked on in 2023 with planted medians for safety and traffic calming.
