| Sidewalk replaced | | X \$2.50/sq. ft. | |
| Curb grinding for accessible sidewalk access | | Total Cost | |
| | | Total Reimbursed | |

**** SUPPLY AN INVOICE OF THE CONCRETE AND CURB GRINDING ****

Program Regulations

Sidewalk Requirements

- Replaced sidewalk must be a minimum of four inches thick and four feet wide
- Concrete shall be at least 4,000 pound type concrete
- Replaced sidewalk must be installed to match existing grade unless a change in grade has been approved by the city office
- When the portion of replaced sidewalk connects to the street, it is required by law that a drop curb be installed for accessibility. The minimum slope for the ramp section is to be 1:12 or less. Any grading for a project is to be done by the property owner and done as to avoid pooling of water on the sidewalk
- Incentives will not be paid unless application is submitted with an invoice for the concrete
- Curb grinding will only be paid if the grinding is a part of the drop curb accessibility requirement

I _____ *the applicant have read the Program Regulations and agree to adhere to them*
